

Dear Incoming 3rd Grade Parents,

As the school year ends, I know parents and students are ready to take a break and enjoy the lazy days of summer! I have to confess...I'm ready, too!

You're receiving this summer reading packet and educational websites to keep good habits from going by the wayside and to keep skills sharp. It's important for students to focus on math and reading skills over the summer so they're ready to move forward at the start of school.

Please encourage your child to make a personal commitment to completing the Summer Reading and Book Report. The Book Report will be graded at the start of school. Please help your child to set a reasonable amount of time aside each day to work on math multiplication facts and reading, 20 minutes per day, suggested for each subject. Have a safe and happy summer!

Fondly, Mrs. Peirce

## Suggested Summer Reading List

Frindle

Andrew Clements

I Survived Series

Lauren Tarshis

Cam Jansen Series

David A. Adler

Nate the Great series

Marjorie W. Sharmat

Bailey School Kids series

Debbie Dadey

How to Eat Fried Worms

Thomas Rockwell

What a Trip, Amber Brown

Paula Danziger

James and the Giant Peach

Roald Dahl

❖ EVERYONE READS TEACHER'S CHOICE

❖ Freckle Juice, by Judy Blume

## Book Report: Requirement

1. Choose one book from the *Summer Reading List*
2. Read your book selection over the summer
3. Print the *Summer Book Report* form
4. Complete the form in your best handwriting
5. Turn in your completed *Summer Book Report* to Mrs. Peirce on the first day of school
6. Look for your grades on PowerTeacher under Reading and Handwriting
7. Everyone Reads: Freckle Juice, by Judy Blume. Be prepared to do story related activities the first week of school. Bring your book to school.
